

Introduction

OHLA is an Award Winning English School established in **1998** and with extensive experience in the field of education.

Our Academic English program is recognized by more than **100+** state and private Universities in the United States, and as such, countless OHLA students transition to bachelor, graduate and certificate degree programs.

Our programs welcome students from over **70** countries and it offers seven (**7**) strategic locations (*Miami- Aventura- Boca Raton- Orlando- Celebration- Winter Garden- Tampa*) throughout the state of Florida, the “Sunshine State”.

In addition OHLA offers a state-of-the-art virtual platform allowing international students to pursue our Award Winning English Program from the comfort of their own home.

The internationality and practice-oriented ethos of OHLA make it the ideal institution for international students. In addition to the proposed programs outlined below, the curriculum is designed to fully actuate the potential of international students at all levels and from all backgrounds.

Respectfully,

Jenny Nieveen

Our Mission

To provide a learning environment that challenges and supports students in achieving their linguistic goals for personal or professional growth, or in gaining entrance into an American University.

Qualified teachers strive to provide a student-centered environment which enhances academic learning and makes possible for students explore linguistic creativity.

Necessary institutional resources are allocated to offer a comprehensive curriculum, outstanding student services, impeccable institutional facilities and innovative technology for learning English as a Second Language.

Knowledgeable and dedicated staff members ensure that, at all times, students are satisfied with their English language studies and are successfully integrated into the community.

General and Academic English Programs

Our Award Winning English Program emphasizes on our students' objective to become fully fluent. The six main areas covered for English learning are: grammar, vocabulary, listening, speaking, reading, and writing.

At OHLA, we view the mastery of the English language as a continuous and progressive approach rather than step-by-step exercise. When we learn a new language, we are gradually improving our knowledge of that language, the same way we are constantly learning and refining our own native language.

We truly believe that languages are not meant to be memorized but rather they are meant to be used and practiced consistently on a daily basis. In order to obtain the mastery of the English language in a shorter amount of time, our teachers place emphasis on having students understand the messages and vocabulary accurately in the foreign language.

Curriculum

OHLA uses a skills-based curriculum, focused specifically on developing necessary linguistic skills in six major areas: reading, writing, listening, speaking, vocabulary and grammar. We know the best way to develop these new linguistic skills is the same way we all learned our native languages, "organically". Languages are not meant to be memorized, but rather these skills must be practiced and used on a daily basis to master the language.

In order to obtain the mastery of the English language in a shorter amount of time, our teachers place emphasis on having students understand the messages and vocabulary accurately in the foreign language. Our curriculum also focuses on the conscious learning of grammar rules and usage versus minuscule corrections.

Levels

To further propel a conducive learning environment, OHLA offers 8 ESL levels. Students sit for a Placement Exam on their first day of class to evaluate their current linguistic skills. Students are then placed in the appropriate English level. Pre-arrival online testing can be organized upon request.

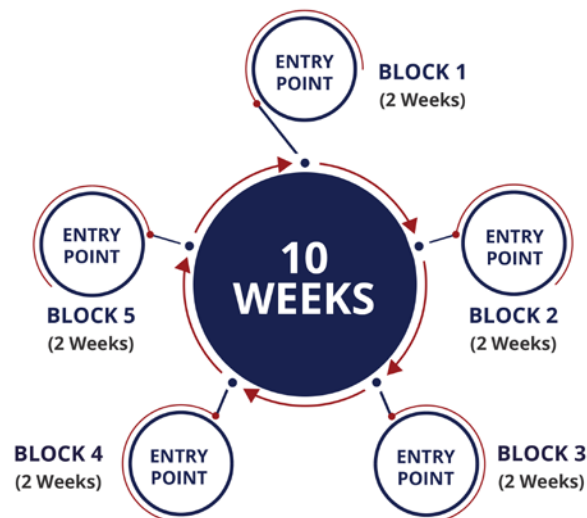

Faculty

Every member of our faculty holds a Bachelor's Degree and a TESOL Certification. Besides looking for individuals with the required educational background, we seek teachers who have international experience and as such, a number of our faculty members have had previous teaching assignments abroad.

Entry Point

Each level lasts 10 weeks and is subdivided in six 2-week-units called "blocks". Students may commence their language studies at the beginning of any two-week block (every second Monday).

The blocks are designed to be as self-contained and noncumulative as possible, resulting in a progression of skill development, which will maximize the learning experience.

Exam Preparation Programs

Description

These programs help students gain the skills, confidence and techniques needed to sit for their selected exam and achieve their desired score. Students must test at the Intermediate 2 level or above to enter the program. Pre-arrival online testing can also be organized upon request.

Practice Test

Students sit for a mock TOEFL or IELTS exam every second week. This will simulate the “real” exam and will allow students to gain familiarity with the exam and to track their progress.

Duration

- Sessions run for 4 consecutive weeks.
- Students can register for a minimum of 2 weeks.
- Students may take as much time as required to complete the program.

Intensity

- 15 lessons per week
- 35 lessons per week

AGE GROUP

University Admission- 100+ Universities

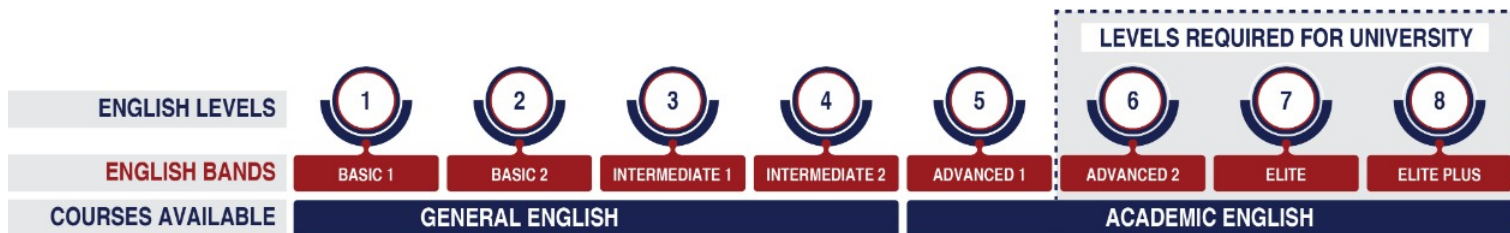

OHLA is proud to offer a comprehensive **University Pathway Program** in which students will automatically gain acceptance into several University programs throughout the United States. Each year countless **OHLA** students move on to Undergraduate and Graduate Degrees programs upon completion of our Advanced 2 and or Elite level. **NO TOEFL or IELTS Required!**

Our Academic English Program is designed for international students who wish to pursue their university studies in the USA. We prepare students at both the undergraduate and graduate level. Our programs concentrate on mastering reading, writing, listening and speaking with a special emphasis on grammar.

Throughout their studies, students are exposed to APA writing style to prepare them for research and term papers at the university level prior to a student's arrival, OHLA staff members will conduct a thorough study plan for each student. The study plan will have the exact number of weeks student will need to complete at OHLA in order to start at the university on time. We arrange a pre-arrival and on-site placement exam in order to assess the student's English level.
